PTSOS
Physics Teachers SOS

Content, tips, and tricks useful to teachers new to teaching physics

PTSOS offers
- Workshops
- Mentors
- Online Support
PTSOS is made possible by

- The Northern California and Nevada Section of AAPT
- Dan Burns, Dean Baird, Steve Keith, Stephanie Finander, & Paul Robinson
- and a grant from The Karl L. Brown Memorial Scholarship Fund.
Workshop Themes and Titles

• Workshop 1: Mechanics
  "Overcoming Inertia and Understanding Frames of Reference" (teaching Mechanics and other issues of the beginning of the year)

• Workshop 2: Waves, Sound, and Thermodynamics
  "Give Physics a Whirl"

• Workshop 3: Electricity, Magnetism, and Light
  "Come See the Light"
Workshops Participants Learn

• Strategies for effective demonstrations
• How to deal with paperwork
• How to minimize lecturing
• How to increase student involvement
• Fund-raising tricks & how to spend funds
• Strategies for managing apparatus
• Strategies for meeting content standards
• How to increase physics enrollment
